CALL TO CELEBRATE: BAPTISM

a comprehensive program for infant and child baptismal preparation

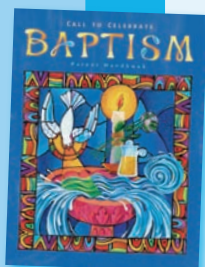

Using the principles of liturgical catechesis, this comprehensive program provides a collection of easy-to-use resources:

➤ *For the Program Director*

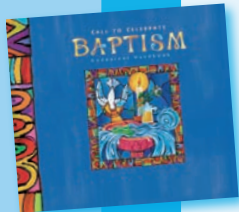

The *Program Guide* features a program overview, implementation strategies and resources that encourage the involvement of the whole parish, director's checklist, PLUS team formation training.

(with English and Spanish reproducibles)

➤ *For the Facilitators*

Three complete and engaging catechetical sessions—each featuring a materials checklist, a Facilitator's Planning Sheet, Session at a Glance, program and session goals, and step-by-step instructions and handouts that help the facilitation team successfully guide parents through the meaning of the Sacrament of Baptism.

➤ *For the Parents*

The *Parent Handbook* (available in English and Spanish) provides an overview of the Rite of Baptism, reflection and discussion opportunities, guidance in choosing godparents, and unique memory pages—leading parents to a stronger commitment with the larger faith community.

➤ *For the Godparents*

The *Godparent Handbook* (available in English and Spanish) leads godparents through the Rite of Baptism, presents their roles and responsibilities, and offers suggestions for continuing a relationship with their godchild.
